

Does your child skip to school Monday morning? Our students do!

They love school – and they love to learn.

Join us for an informal discussion to learn more about the Jewish Community Day School of Rhode Island.

Monday, February 22, 7:30 pm

At the home of Josh and Shoshana Jacob in Sharon, Massachusetts (only a 25-minute drive from JCDSRI!)

Come discover how our **progressive curriculum** helps develop curiosity, creativity, responsibility, and character, while providing ample opportunities for exploration and play.

- Student-centered, project-based curriculum challenges our students to **discuss and solve real-world problems**.
- Design Lab and KinderSTEAM program, our partnership with Brown/RISD STEAM club, **engage students** in unique and exciting interdisciplinary learning opportunities.
- Our community's shared values provide us with a **springboard to creativity** and a framework for ethical living.

▶ To **RSVP**, please contact shoshanadina.jacob@gmail.com.
